Highlights

Bean to cup system

It means that whole coffee beans are freshly ground and directly processed for each and every beverage.

Compact design

With its compact design, this fully automatic espresso machine fits in every kitchen.

Double shot

With the double shot it is easy to serve 2 espressos at a time.

Easy frontal access

All the components you need to reach during your day-to-day enjoyment (water, coffee beans and coffee grounds container, drip tray, removable brewing group) are completely independent and accessible from either the front or top of the machine.

One-click removable group

The brewing group – a Saeco invention - is the heart of our machines, ensuring that the machine makes everything on its own. Thanks to its easy access, you can effortlessly remove it for regular cleaning with just one click.

Small and energy efficient

Small size and front access to all functionalities ensure that the Philips Saeco Xsmall automatic espresso machine fits in every kitchen. And thanks to its efficiency (Class A according to Swiss regulation) and auto-shutdown it's very kind to the environment.
